Rob Gordijn & Helen Rijkse (gordijnrob@gmail.com)

Introduction

Because Helen decided to study in New Zealand for a couple of months we decided to go birding for two weeks on the way there. After the trip Helen travelled onwards to New Zealand and Rob travelled back to Amsterdam. We did not rent a car and travelled by bus, taxi, and hitchhiking. In Pak Thale we rented a motorcycle for the day. This trip report was finally written in June 2015, therefore details may be lacking.
